

East Bridgewater, Ma

Looking for a Dental Hygienist to join our established general practice.

An ideal candidate that is responsible, dedicated to the profession and cares about educating patients. Someone that is self-motivated, friendly, energetic and upbeat! Under general supervision of the Doctor, the Dental Hygienist performs duties from moderate to complex difficulty in dental hygiene, prophylaxis, dental health education and the prevention of disease. Examine Oral cavity, complete periodontal charting, Scaling and Root planings, complete record indicating pocket depth, handling and maintaining electronic records, assisting the dentist, taking digital radiographs, sealants and fluoride treatment and intra-oral photos.

Please call (508)-378-3442 if interested to set up an interview.
