*You can pay Member rates by joining ADHA now!

Course Description: This course will provide an overview of medical and recreational marijuana use, its pharmacological effects on the body, medicinal applications, and dental treatment considerations. Legal and social issues surrounding marijuana use will be discussed with the process of obtaining a medical marijuana card in Massachusetts.

Learning Objectives: Upon completion of this course the participant will be able to:

- Describe medical and recreational marijuana use and modes of administration
- Describe and identify the effects marijuana has on the body
- Discuss various medicinal applications of marijuana
- Evaluate the patient who is using marijuana and determine treatment considerations and/or modifications
- Converse with the patient who uses marijuana in a way that is conducive to creating a positive provider/patient relationship

About the Speaker:

Kate Soal RDH, CDA, MSDH is Professor of Dental Hygiene at Quinsigamond Community College in Worcester, MA, and adjunct faculty at Mount Wachusett Community College in Gardner, MA. Kate teaches pharmacology, periodontology, local anesthesiology along with radiology labs and clinical hygiene. Kate's research has been published in the Journal of Dental Hygiene and she is a contributing author for Esther Wilkins' Comprehensive Practice of the Dental Hygienist 12th and soon to be 13th editions (chapters on infectious diseases). Kate is an active ADHA member and President of the Massachusetts Dental Hygienists' Association.
